

Combifork

Tines are connected to the back frame via a loop that can slide along the shaft for complete flexibility in matching pallet size

German Made SHW
250mm Conus 2 Tines

Standard ITA 1070mm long tines made from high quality steel offer excellent strength and durability

Floating tine design adjusts fork angle automatically as the pallet is lifted to maintain horizontality

Bright red tines for increased visibility and improved safety

Fast Facts

- + 12 Month Manufacturers Warranty
- + Customisable to exact specifications
- + Ultimate time saver on the farm
