Custom Solutions Available

About

- + The Loader Industrial Bucket Grapple is a heavy-duty attachment essential for handling refuse and recyclable materials in the harshest environments
- + Hydraulically powered grab is designed for strength, making it ideal in heavy waste management applications, debris and disaster clean-up, and land clearing
- + Grapple ensures the safe handling of heavy loads without spillage
- + Available in a versatile range of widths from 2.1m – 3.0m, giving vast corresponding volume capacities of 1.5m³ – 3.5m³ enhanced by the rounded grapple profile
- + Compatible with wheel loaders and telehandlers
- + Quick hitch compatible
