About

- + The Heavy Duty Scrub Grapple is a perfect attachment for handling large amounts of green waste, brush, and for clearing general regrowth.
- + 36mm wide tines made from GR350 for increased strength and an 8mm GR350 Beak cover plate
- + Ideal for the Agriculture and Waste Management industries
- + The Heavy Duty Scrub Grapple is ideal where a lighter duty grapple may struggle or sustain damage from rocks, concrete, heavy timber, and other hard materials.

Kerfab's range of Heavy Duty Scrub Grapples are available in a range of widths, capacities, and machine sizes. Below is a list of our most popular sizes.
