Custom Solutions Available

About

- + The Ag Loader Stick Rake is the most lightweight of Kerfab's range of stick rakes and is designed for ag loaders up to 120 horsepower
- + A versatile, cost-effective tractor attachment with many applications in clearing farm areas to prepare for mowing or slashing
- + Spaced tines enable smooth operation even over uneven terrain
- + The rake's concave build retains large amounts of debris well for efficient collection, with optional side wings to further increase effectiveness
- + Stick rakes available in a range of widths from 2.1m – 2.7m
- + An optional plated section in front of hitch is available for shielding hitch and other hydraulic components to improve durability
- + Compatible with ag loaders and skid steers
- + Quick hitch compatible
