

## Stone Fork

Tines are manufactured from high-strength steel for **optimal power** when working in harsh environments.

Standard tine centres of **150mm to 165mm**

### Fast Facts

- + 24 Months Manufacturers Warranty
- + Two Styles Available
- + Australian Designed and Made

### About

- + The Stone Fork is the ultimate attachment for efficient land clearing and removing large unwanted materials.
- + Evenly spaced tines allow soil and fine material to be sifting through, separating it from larger objects.
- + The perfect sorting solution, simplifying the task of picking up rocks, tree foliage and debris from among other fine material.
- + Fabricated from high strength steel for maximum strength and longevity.
- + Available in a range of widths from 1.5m to 3m.
- + Quick Hitch Compatible

Kerfab's range of Stone Forks are available in a range of widths, capacities and machine sizes. Below is a list of our most popular sizes. **Custom Solutions Available**
