Bright red side tines for increased visibility and improved safety

Fast Facts

- + 12 Month Manufacturers Warranty
- + Customisable to exact specifications
- + Variable tine numbers depending on size
- + Various style tine tips

About

- + The Heavy Duty Silage Buck Rake is two handy functions rolled into one for a smooth and seamless silage transportation and compacting procedure
- + The hydraulic push-off allows you to slowly and steadily layer the silage onto the pit, release it and then compact it to ensure that it ensiles nicely, all in one fluid movement with the same tractor
- + Silage pit preparation has never been so quick and hassle-free
- + Complete with side tines for greater material retention, giving the highest efficiency at maximum load capacity
- + Available in a range of widths from 2.7m – 3.0m
- + Compatible with ag loaders and telehandlers
- + Quick hitch compatible

Kerfab's range of Heavy Duty Silage Buck Rake are available in a range of widths, capacities, and machine sizes. Below is a list of our most popular sizes.
